RESSO Payments

Assignment of Payment (PDF)

The locum physician agrees to assign payment for office-based services to the host physician's payment number for services provided while on assignment. The host physician is responsible for submitting claims to MSP within two weeks after the end of the locum assignment and refuse claims within two weeks of the refusal date.

For hospital-based/on-call locum assignments, the locum must apply for an additional MSP payment number and bill fee-for-service claims under that payment number for the duration of the assignment.

An Assignment of Payment is a legal agreement through which a practitioner designates that MSP payments for their services are to be made to another practitioner or group such as a clinic or hospital.

Assignment of Payment must be submitted to the Locums for Rural BC office prior to the commencement of the locum assignment.
